Scaricare - Georgette St. Clair

Olivia Cabrera has just been elected mayor to the ice dragons of North Lyndvale - and she's in way over her head. To save her town, she's got to freeze out the dirty cops and persuade the hot-headed locals to chill.

But right away she gets burned by Calder Kingsley, police chief of the fire dragons of South Lyndvale. He's charming, sexy, and on the wrong side...until they're forced into a fake relationship to convince the Dragon Elders that fire and ice can play nicely together.

When petty rivalries escalate and a fire dragon attack threatens Olivia's life, she'll have to decide who she can trust, all while her smoking hot lover tempts her to scorch up the sheets....
