Scaricare - Dennis Desantis

For many artists, nothing inspires more existential terror than actually making art. The fear that we're not good enough or that we don't know enough results in untold numbers of creative crises and potential masterpieces that never get realized.

Electronic musicians used to be able to hide behind clunky, emerging technology as an excuse for inaction. But musicians today live in a golden age of tools and technology. A ninety-nine-cent smartphone app can give you the functionality of a million-dollar recording studio. A new song can be shared with the world as soon as it's finished. Tutorials for every sound design or music production technique can be found through a Google search. All of these developments have served to level the playing field for musicians, making it possible for a bedroom producer to create music at a level that used to be possible only for.....
