

eBook [PDF MOBI EPUB] Playing Jazz Guitar

Scaricare - Barry Greene

A comprehensive guide to playing jazz guitar. Written by Barry Greene, one of the leading educators of guitar instruction. This iBooks edition is fully interactive containing numerous audio, video and notation examples. All musical examples are presented in both notation and tablature form. There are several chapters that discuss the aesthetic of being a musician as well as discussions about ear training and learning to be an artist. This iBook is unique in its presentation and scope. It is a must have for the intermediate to advanced guitarist....
